Personal Bio

I grew up in Orlando, Iowa and Minnesota. I started acting at age 3 in summer theater shows. Since then I have grown a passion for all types of performance. I am trained in devising, improvisation and character acting. I grew up in a home with Arabic, French and English being spoken, I see life with a multicultural lens. I enjoy studying vocal genres of world music, opera, Broadway and contemporary songs. I also enjoy spending time with my horses, playing cello, hiking and exploring the northwoods and waterways. I have extensive theater experience and look forward to expanding my acting work with commercial, film and print opportunities.
